

**Kinsale College Drama Course Presents:**

**The Canterville Ghost**

by Oscar Wilde.

Adapted for the Stage by Ian Wild.

Directed by Belinda Wild

*An amusing chronicle of the tribulations of the Ghost of Canterville Chase*

Against all advice to the contrary an American minister purchases a haunted English mansion declaring he and his family don't believe in ghosts. Sir Simon de Canterville the resident 16<sup>th</sup> century spook, is forced to use all the tricks in his theatrical repertoire in an ever more desperate attempt to scare the American doubters.

Together with an array of ghostly apparitions, clanking chains, creaking floorboards, blood stains and ancient prophecies, the story features, terrible twins, a charming young woman, her besotted suitor and an ancient retainer.

The Canterville Ghost is a humorous and cheeky inversion of a classic gothic ghost story.

Staying true to Oscar Wilde's gently anarchic and imaginative fable and brought to life with music, song and physical theatre, this production promises a haunting theatrical experience!
